Plus documentation from supplier regarding passing testing for chemical input compliance and adhering to best practices for leather-factory worker and facility management.

**A minimum of one of the above must be in place and current for a stamp to be displayed on the supplier landing, profile, and material pages. Suppliers earn stamps based on self-reported third-party certifications, verifications, memberships, standards and/or practices. Sustainability Stamps are for sourcing purposes only. Material Exchange is not responsible for the accuracy and/or validity of supplier-disclosed information on our platform. Accuracy and/or validity of certifications, verifications, memberships, standards and/or practices of suppliers can be checked in a third-party database.*
